February 25, 2021

Dear NBNA Members and Friends of NBNA:

We would like to thank you for joining us on Thursday, February 4, 2021 for our virtual 33<sup>rd</sup> Annual National Black Nurses Day on Capitol Hill. Over 500 people registered for the event and over 300 nurses and students were able to join the call.

The Health Policy Committee selected this year's theme "COVID-19, Social Justice & Health Equity: NBNA's Call to Action" to spotlight the many health disparities that African Americans and people of color face. The presentations were outstanding and provided additional information about what their organizations or companies are doing to address the social justice and health inequities.

If you were unable to join us for the event, please review the documents in the links below. We invite you to share NBNA's 7 legislative priorities with your local, state and federal elected officials, your colleagues, your chapter members and fellow students. The NBNA legislative priorities may be found in the links below.

**Legislative Tool Kit (7 Legislative Priorities):**
